# THE SPY

Penny Bridge

23RD JUNE, 1519 – 10.00 A.M.

A man is walking down San Pablo Street in Seville. He is tall. He has got curly brown hair, a big nose, big eyes and a long beard. He has got a small scar on his left cheek. He is wearing elegant clothes and a brown hat. The man is Ferdinand Magellan. He is a Portuguese explorer.

23RD JUNE – 10.15 A.M.

Ferdinand Magellan is now in front of the Cathedral.
He can't find his way to the king's residence. He is worried
because it is cloudy and it is going to rain.
Luckily, an old man is walking by. Magellan stops him.

Excuse-me, could you tell me the way to 11 De la Alianza Square?

Ok. Go straight on, turn left into Barrio Santa Cruz. Go past the Ribera Inn and then take the second road on your right. There is a big square at the end of the road. The King's residence is there. You will see it.

Yes, I'm going there now.

11 De la Alianza Square... that's the King's Residence!

The spy now knows Magellan's secret. Nobody sees him when he leaves the King's palace. He runs to his master.

Magellan has a map. He says he can circumnavigate the Earth. Charles V will give him money for five ships and 270 men.

THE SPY IS ONE OF THE 24 NEW PEOPLE ON MAGELLAN'S SHIP.
